- Parking & Space Management

Meetings & Conferences

A convention, in the sense of a meeting, is a gathering of individuals who meet at an arranged place and time in order to discuss or engage in some common interest. The most common conventions are based upon industry, profession, and fandom.

From audio visual equipment to transit to Generation X to video conferences systems to bridge you to any corner of the world.

Indoor, outdoor, outbound & incentive bound we take care of them all.

Product Launch

A massive product launch is the beginning of the business.
We'll work with you to reach even higher level.

From press calling to elegant invites, from creative setting
to innovative showcasing we'll build this for you bit by bit.

Live Concerts

From Indian pop artist to Indian rock bands or sometimes even international celebrities to endorse your band you can have it all.

State of art set & light sound, experiencing the difference. Keeping in mind the objective to highlight the brand or cause...

Exhibitions

An exhibition, in the most general sense, is an organized presentation and display of a selection of items. In practice, exhibitions usually occur within a cultural or educational setting such as a museum, art gallery, park, library, exhibition hall, or World's fairs.

To suit all your need from air-conditioned hangers to temporary glasshouses, from exhibitions halls to new era malls planning, executing, maintain & dismantling.

Production

A product launch plan has been prepared covering all activities to be performed by Engineering, Manufacturing, Marketing, Sales, Product Support, and Field Service. Functional departments understand their responsibilities for launch activities.

Corporate films, AD Films, Documentaries, Promos, Video Editing & VFX everything under one solid roof.

Visual expression create larger impact.

Activation

Marketing activation is the execution of the marketing mix as part of the marketing process. The activation phase typically comes after the planning phase during which managers plan their marketing activities and is followed by a feedback phase in which results are evaluated with marketing analytics.

Not screaming over the top of our lungs but we actually blow your product/service trumpet and communicate in a right way through: Road shows, Mall activation, school contact programs etc.

Our Portfolio

Navratri RUM ZUMM GARBA 2017
